- Karen Perry, Senior Policy Analyst, NTIA

Moderator:

- Gilbert Resendez, Broadband Program Specialist, BroadbandUSA, NTIA

Agenda

Biden Administration and Broadband	Doug Kinkoph
Connecting Minority Communities Pilot Program – Overview of Eligibility Criteria & Proposed Program Requirements	Scott Woods
CMC Stakeholder Outreach Feedback	Francine Alkisswani
Publicly Available Data Resources	Karen Archer Perry
CMC Next Steps	Scott Woods
Questions and Answers	All

"We need to start seeing infrastructure through its effect on the lives of working people in America. What is the foundation today that they need to carve out their place in the middle class … to live, to go to work, to raise their families with dignity … no matter who they are or what zip code they live in?"

President Joe Biden, The American Jobs Plan

NTIA's Commitment to Connecting America

The Department of Commerce supports the Biden Administration's agenda and our partner agencies to ensure that every American has access to affordable and reliable broadband and has the skills and opportunities to participate fully.

Deploy broadband infrastructure to communities with the **greatest need**.

Support job creation and workforce development by ensuring that **all Americans have broadband, devices, and digital skills**.

Collaborate with states, Tribes, industry, and federal agencies to effectively expand broadband access and digital inclusion.

Use data to inform policies and investments in broadband at all levels of government.

Millions of Americans Don't Have Reliable Broadband

- **17 million Americans** do not have basic broadband @ 25/3 Mbps.

- **20.9% of Tribal lands and 17.2% of rural lands** do not have 25/3 Mbps broadband.

- While 95.6% of households have access to 25/3 Mbps broadband, **only 68.9% of households subscribe** to service at that level or above.

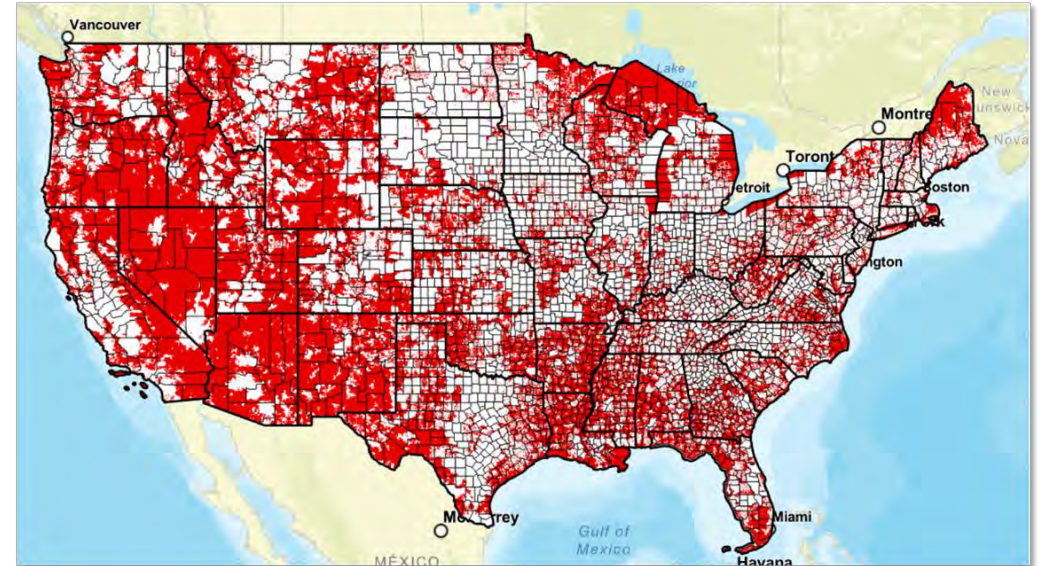

Red areas indicate where wireline broadband service is unavailable at the basic FCC benchmark speed of 25/3 Mbps based on FCC Form 477 carrier-reported data.

Visualization: NTIA National Broadband Availability Map (NBAM)
Source: FCC 2021 Broadband Deployment Report, based on ISP-reported Form 477 data

Broadband Adoption is Uneven Across Communities

- **65 million Americans** do not use the Internet at all.

- **10 million Internet users** rely solely on a mobile data plan.

- **5 Million households** not online identified **cost as their main reason** for not using the Internet.

- Under-connected Americans are disproportionally likely to be low-income, non-white, rural, Tribal, older, and differently-abled.

Percent of Households with No Internet Access

- > 35 – 75
- 23.8 – 35
- > 15.4 – 23.8
- 2 – 15.4
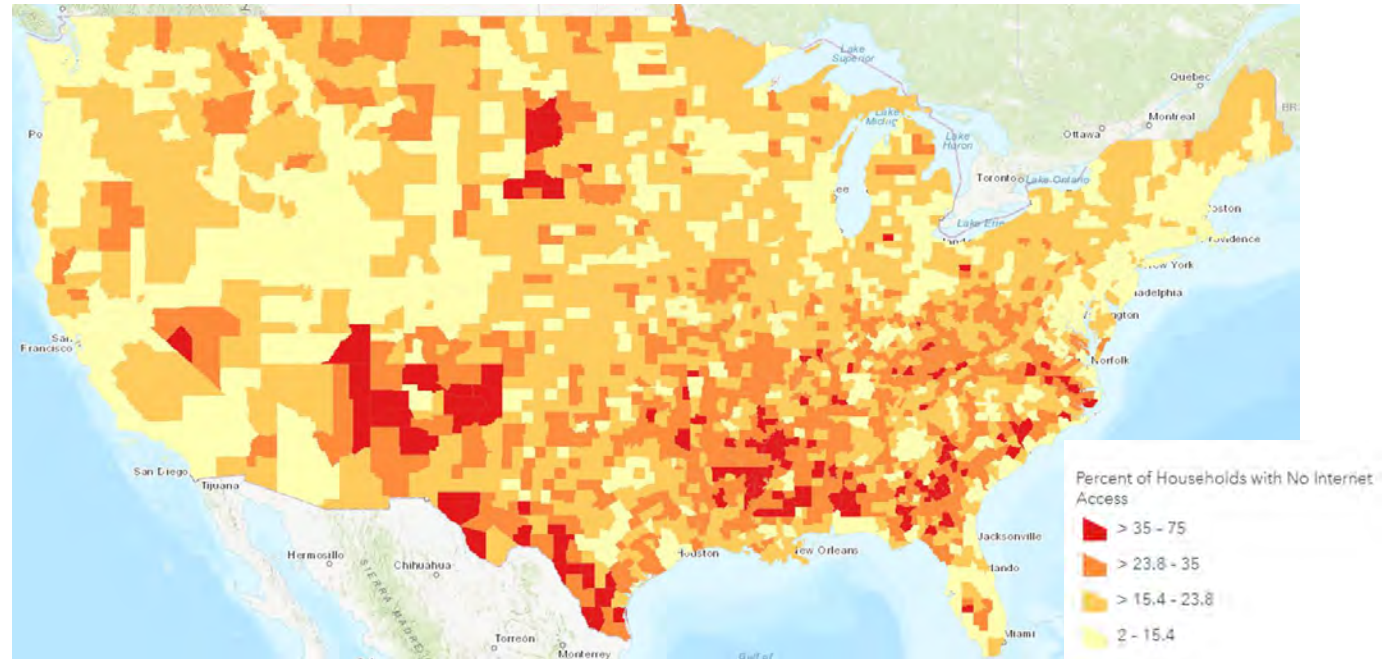

Red areas indicate places where more than 35% of the households have no Internet at all based on ACS subscription data.
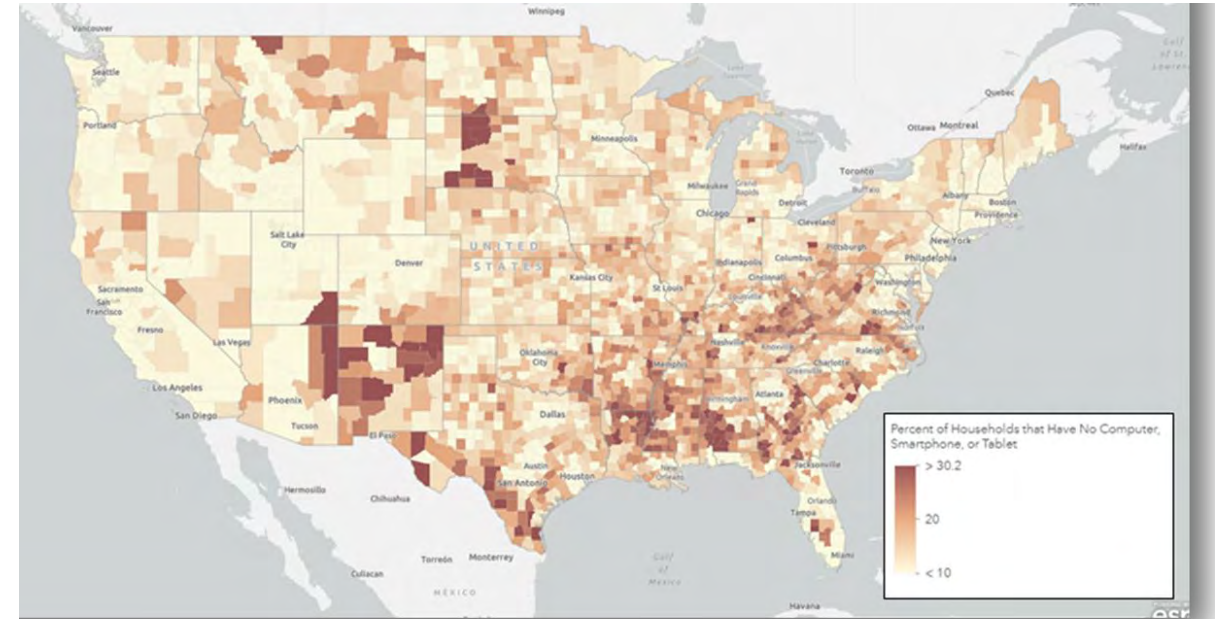

Source one: NTIA Internet Use Survey, based on consumer 2019 surveys
Visualization: NTIA National Broadband Availability Map (NBAM)
Source two: American Community Survey Device Ownership data 2015-2019

It's Time to Invest in the American Workforce

- **77% of all jobs** require at least some technology skills.

- **48% of hiring managers** say that candidates lack the skills needed to fill open jobs.

- **29% of students without basic digital skills** say they won't consider post-secondary studies.

- **More than 12 million households** lack access to a computer, tablet or smartphone.

Percent of Households that Have No Computer, Smartphone, or Tablet

> 30.2
20
< 10

Residents without devices have fewer opportunities to hone their digital skills, access educational opportunities, and advance in the workforce.

Consolidated Appropriations Act, 2021 Grant Programs Overview

1

Tribal Broadband Connectivity Grants:

Grants to expand access to and adoption of: (A) broadband service on Tribal land; or (B) remote learning, telework, or telehealth resources during the COVID-19 pandemic:

$1 Billion.

Consolidated Appropriations Act, 2021

2

Broadband Infrastructure Deployment Grants:

Grants for covered broadband projects, defined as competitively and technologically neutral projects for the deployment of fixed broadband service in a census block with at least one household or business that does not have access to 25/3

$300 million.

3

Connecting Minority Communities Pilot Program:

Grants to eligible recipients in anchor communities for the purchase of broadband internet access service or any eligible equipment, or to hire and train information technology personnel.
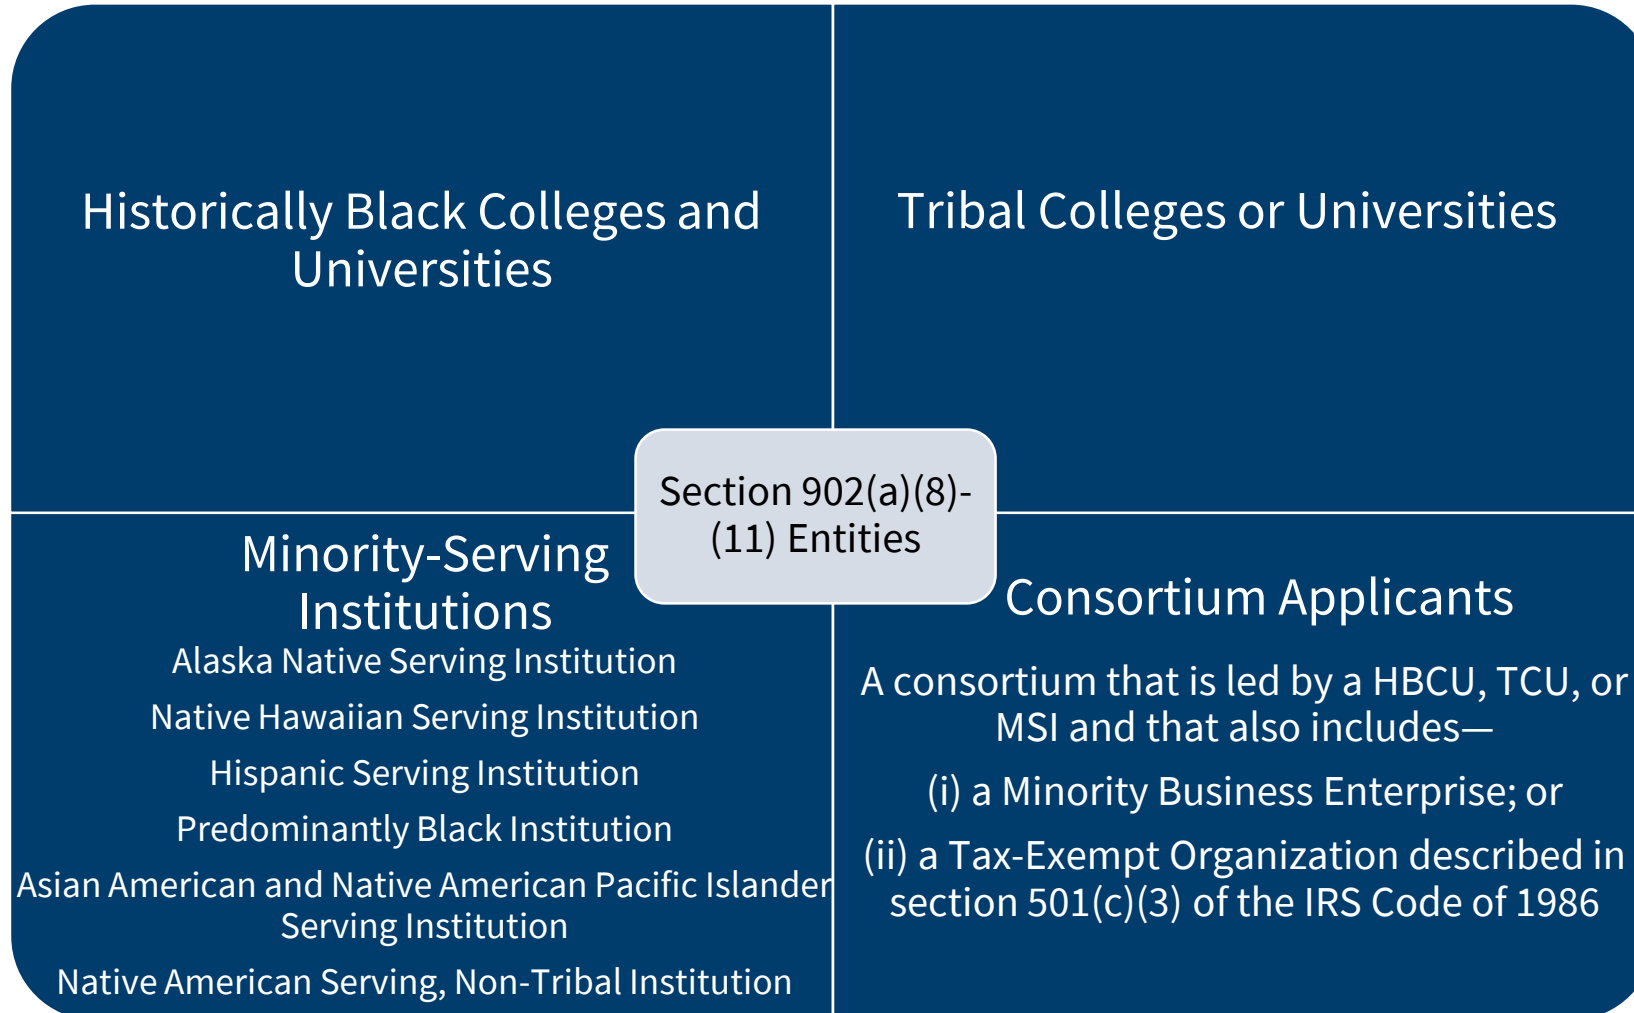

$285 million.

Scott D. Woods
Senior Broadband Program Specialist
Manager, BroadbandUSA Technical Assistance Program

Connecting Minority Communities Pilot Program – Eligibility Criteria Overview

Connecting Minority Communities (CMC) Pilot Program

How Much	$285 Million
Who can apply	- Historically Black Colleges or Universities (HBCUs); - Tribal Colleges or Universities (TCUs); - Minority-Serving Institutions (MSIs); - Consortiums led by HBCUs, TCUs, or MSIs that include a Minority Business Enterprise or 501(c)(3) Tax-Exempt Organization.
For What	The purchase of broadband internet access service or any eligible equipment, or to hire and train information technology personnel: (1) for the educational institution to facilitate educational instruction and learning, including through remote instruction; or (2) to operate the Minority Business Enterprise; or (3) to operate the 501(c)(3) Tax-Exempt Organization.
When	NTIA anticipates accepting applications for the CMC Pilot Program in Summer 2021.

CMC Eligible Entities

Historically Black Colleges and Universities

Tribal Colleges or Universities

Section 902(a)(8)-(11) Entities

Minority-Serving Institutions

Alaska Native Serving Institution

Native Hawaiian Serving Institution

Hispanic Serving Institution

Predominantly Black Institution

Asian American and Native American Pacific Islander Serving Institution

Native American Serving, Non-Tribal Institution

Consortium Applicants

A consortium that is led by a HBCU, TCU, or MSI and that also includes—

(i) a Minority Business Enterprise; or

(ii) a Tax-Exempt Organization described in section 501(c)(3) of the IRS Code of 1986

CMC Pilot Program Overview of Final Rule

Eligible Entities – Act directed NTIA to develop new methods to establish and verify CMC eligibility:

1) Identify and verify that an applicant is an HBCU, TCU, or MSI (eligible recipient).

2) Identify and map **anchor communities** that are within a 15-mile radius of each eligible HBCU, TCU, or MSI and that meets the estimated median annual household income of not more than 250 percent of the poverty threshold.

3) In consultation with the Secretary of the Interior, determine a comparable maximum distance for TCU anchor community located on land held in trust by the United States is statistically comparable to anchor communities defined as not more than 15 miles from an HBCU, TCU or MSI (where applicable).

4) Identify which eligible recipients have the greatest unmet financial need.

5) Verify that a designated Minority Business Enterprise (MBE) or a Tax-Exempt 501(c)(3) Organization applying as a member of the consortium is an eligible entity (consortium applicants).

CMC Eligible Entities

Type	Current Number of Schools	NTIA Validation Method
Historically Black College or University (HBCU)	102 Schools	National Center for Education Statistics (NCES) list of HBCUs
Tribal College or University (TCU)	37 Schools	NCES list of TCUs.
Hispanic-Serving Institution (HSI)	501 Schools	Defined as eligible or potentially eligible in the most recent Dep't of Education Eligibility Matrix available, in the HSI category.
Alaska Native and Native Hawaiian (ANNH)	66 Schools	Defined as eligible or potentially eligible in the most recent Dep't of Education Eligibility Matrix available, in the ANNH or ANNH F categories.
Predominantly Black Institution (PBI)	104 Schools	Defined as eligible or potentially eligible in the most recent Dep't of Education Eligibility Matrix available, in the PBI F or PBI A categories.
Asian American and Native American Pacific Islander-Serving Institution (AANAPISI)	336 Schools	Defined as eligible or potentially eligible in the most recent Dep't of Education Eligibility Matrix available, in the AANAPISI or AANAPISI F categories.
Native American-Serving Non-Tribal Institution (NASNTI)	32 Schools	Defined as eligible or potentially eligible in the most recent Dep't of Education Eligibility Matrix available, in the NASNTI or NASNTI F categories.

CMC Eligible Entities| Anchor Communities

*"**Anchor Community**"* means *any area* that is: (i) not more than 15 miles from a HBCU, a TCU, or a MSI; and (ii) has an estimated median annual household income of not more than 250 percent of the poverty line.

- ✓ The 250 percent threshold will be determined for household size based on the 2019 poverty thresholds available from the U.S. Census Bureau

- ✓ The 250 percent poverty threshold by household size will then be applied to the average household size in each census tract according to the 2015-2019 American Community Survey data (U.S. Census Bureau).

- ✓ Utilizing capabilities within the NBAM platform, a 15-mile buffer will be drawn around each eligible institution as described above

- ✓ A digital overlay will be used to select all census tracts for each anchor community boundary. The median household income in each anchor community census tract will be compared to the 250 percent poverty threshold as defined above to determine if the anchor community tract does not exceed the prescribed poverty threshold

- Poverty Line Threshold - Source: *https://www.census.gov/data/tables/time-series/demo/income-poverty/historical-poverty-thresholds.html*

- NTIA to create 15-mile radius buffer around each eligible recipient to include Median Household Income Data, Average Household Size and Poverty Threshold for each individual census tract.

CMC Eligible Entities| Consortium

- Minority Business Enterprise Status: Self-Certify (certification to be included in the NOFO)

- 501(c)(3) Tax-Exempt Organization Status - Program Office will check status during application review phase - Tax Exempt Organization Search (irs.gov)

https://apps.irs.gov/app/eos/

CMC Eligible Entities| Greatest Unmet Financial Need

To determine which eligible recipients have students with the greatest unmet financial needs, each applying eligible institution must provide the following information in their application for funding, to include any supplementary information to explain the data:

(i)   Student population size;
(ii) Number and percentage of students that are eligible to receive Federal Pell Grants;
(iii) Number and percentage of students that receive other need-based financial aid from the Federal Government, a State, or that institution;
(iv) Number and percentage of students that qualify as low-income consumers;
(v)   Number and percentage of students that are low-income individuals; and
(vi) Number and percentage of students that have been approved to receive unemployment insurance benefits under any Federal or State law since March 1, 2020.

During the Merit Review phase, NTIA will analyze the submitted information for each of these criteria and will develop an assessment of each institution's student body-based unmet financial needs. These assessments will be ranked and compared across all submitted applications during the merit review phase and program eligibility determinations will be made based on an evaluation of the data provided and accompanying explanatory information. Final recommendations for project approval and grant funding will be made for those eligible anchor institutions that have demonstrated the greatest unmet financial need.

CMC| Program Requirements

- At least 40% of Grants Funds Awarded will be made to HBCUs

- At least 20% of all Grants Funds Awarded to Eligible Entities must be used to provide broadband access and/or devices and equipment to students

- Eligible recipients that receive a grant _to provide broadband internet access service or eligible equipment to students_ must prioritize students who are in need (per the needs criteria factors)

- Purchase or Lease of Equipment - Eligible entities must prioritize any lending or providing of equipment to students and/or patrons who do not have access to such equipment

- Program Evaluation and Data Collection Requirements

ACS Median Household Income in Past 12 Months

"Median Household Income 12 Months Past 12 Months" B19013 (in 2019 Inflation-adjusted dollars)

1. **Go to** Data.Census.gov.
2. **Enter** B19013
3. **Select** Product: "2019: 5-Year Estimates Subject Tables" in upper drop-down menu
4. **Click** "Tables" in the Navigation bar on the upper left if don't see a left hand navigation panel.

5. **Select** Filter at the top of that panel.
6. **Select** Geography, then Tract, then the State and County of interest
7. **Select** All census tracts with that county
8. **Scroll up and Select Done** in upper right corner.
9. **Now**, the **Table** will display all the **Median Household Income** for all of the tracts in the county.

ACS Income Map and Average Household Size

"Average Household Size" [B25010](B25010)

1. **Select** Maps in the navigation panel at top left side of the page.
2. **Click** "Tables" in the Navigation bar on the upper left if don't see a left hand navigation panel.
3. **Now**, the **Map** will display the **Median Household Income** for all of the tracts in the county.
4. **Use** the +/- or zoom feature if needed to see smaller tracts.

5. **While** still on this page…
6. **Enter** [B25010](B25010) into the Search bar where you currently see B19013. Hit **Enter**.
7. B19013 "Average Household Size" by tract is now displayed on the map.
8. **Select** Table to view B25010 "Average Household Size" in Table format

CMC Next Steps

Next Steps

Federal Register Publication of CMC Final Rule

✓ Call For Merit Reviewers

✓ Publication of the Notice of Funding Opportunity (NOFO)

✓ Pre-application technical assistance & stakeholder outreach

✓ Open CMC application window

✓ Merit Review & Programmatic Review

✓ Notification of Acceptance/Project Funding

Call for Merit Reviewers

NTIA is seeking qualified volunteers with Broadband Use and Digital Inclusion expertise and experience in at least one of the following areas:

- ✓ Telehealth, distance learning, broadband adoption and digital inclusion programs including equipment, networks, training and outreach

- ✓ Telework, workforce development and online entrepreneurship programs

- ✓ Low-income discount and subsidized broadband programs

- ✓ Planning, program design and evaluation for telehealth, distance education, workforce development and digital inclusion programs

- ✓ Programs and activities noted above that are conducted by Minority Serving Institutions

Call for Merit Reviewers

Merit reviews will start in August and extend into October. We are committed to ensuring that reviewers come from diverse backgrounds and areas of the United States.

To volunteer as a reviewer, please email a resume containing the information below to grantreviewer@ntia.gov:

- Name
- Residence (city and state)
- Email/phone number
- Employer(s) including states you were employed in
- Position/Title
- Years and types of experience and positions in fields related to broadband activities

Although you will not be compensated for your time and expertise, you will be making a significant contribution to enhancing broadband services and utilization throughout the United States. We appreciate the valuable contribution you will be making to the success of the programs and look forward to working with you as a reviewer. Further information is available here.

Q & A
