

BroadbandUSA FY23 Interactive Federal Funding Guide

The BroadbandUSA “Interactive Federal Funding Guide” provides a starting point for users to explore federal high speed internet funding options based on selected criteria, starting with the type of recipient followed by desired program purpose. Users can download the interactive guide to use it offline on multiple platforms, including mobile devices, making it an accessible option for users with minimal internet access. The interactive guide is based on the information provided by federal agencies and the Federal Communications Commission (FCC) for NTIA’s BroadbandUSA [Federal Funding Website](#). It highlights general information about each federal program, including program descriptions, important dates, contact information, and links to program websites.

Please note that application deadlines may have already passed, or program funds may have already been dispersed. For the most up-to-date information please refer to the program website or [Grants.gov](#). For information about state level high speed internet programs and possible funding available through each state, visit NTIA’s [State Broadband Leaders Network map](#).

Feedback on the site and its resources is always welcome. Please contact BroadbandUSA@ntia.doc.gov to provide input.

Area Development

Department: Appalachian Regional Commission (ARC)

Federal Agency/Bureau: Appalachian Regional Commission (ARC)

Program Overview: Each year ARC provides funding for several hundred investments in the Appalachian Region, in areas such as business development, education and job training, infrastructure (including broadband), community development, and transportation. These projects create thousands of new jobs, improve local water and sewer systems, increase school readiness, assist local communities with strategic planning, and provide technical and managerial assistance to emerging businesses.

Criteria for Eligible Recipients: Eligible recipients must be publicly owned entities, non-profit entities, or a competitively-selected private partnership that includes publicly owned entities or non-profit entities.

Important Dates (if applicable): Applications can be submitted throughout the year although individual states may have specific requirements.

Contact Information: 1666 Connecticut Avenue, NW, Suite 700, Washington, DC 20009-1068 Telephone: (202) 884-7700 Email: info@arc.gov. For questions on specific topic areas, please refer to the contacts listed on the ARC Offices and Staff page.

Program Website: www.arc.gov

Federal Funding Site: [Appalachian Regional Commission-Area Development](#)

ARC POWER

Department: Appalachian Regional Commission (ARC)

Federal Agency/Bureau: Appalachian Regional Commission (ARC)

Program Overview: POWER is a congressionally funded initiative that targets federal resources to help communities and regions that have been affected by job losses in coal mining, coal power plant operations, and coal-related supply chain industries due to the changing economics of America's energy production. Within the POWER Initiative, 1/3 of funding is specifically available for broadband related projects.

Criteria for Eligible Recipients: Eligible recipients must be publicly owned entities, non-profit entities, or a competitively-selected private partnership that includes publicly owned entities or non-profit entities.

Important Dates (if applicable): POWER runs on an annual application cycle with this year's Letters of Intent due April 4, 2022 and Applications due April 29, 2022.

Contact Information: 1666 Connecticut Avenue, NW, Suite 700, Washington, DC 20009-1068 Telephone: (202) 884-7700 Email: info@arc.gov. For questions on specific topic areas, please refer to the contacts listed on the ARC Offices and Staff page.

Community Infrastructure Fund

Department: Delta Regional Authority

Federal Agency/Bureau: Delta Regional Authority

Program Overview: The Community Infrastructure Fund was created to target physical infrastructure projects that help build safer, more resilient communities in the Delta region. The three areas of investment through this program target basic public infrastructure, transportation infrastructure, and flood control project centered around economic development.

Criteria for Eligible Recipients: Not Applicable

Important Dates (if applicable): Rolling Deadline

Contact Information: Amanda Allen at aallen@dra.gov or 662-483-8203

States Economic Development Assistance Program

Department: Delta Regional Authority

Federal Agency/Bureau: Delta Regional Authority

Program Overview: States' Economic Development Assistance Program (SEDAP) is a competitive grant program designed to support economic development activities across the Mississippi River Delta and Alabama Black Belt regions. SEDAP addresses the DRA's congressionally mandated four funding priorities: basic public infrastructure, transportation infrastructure, workforce development, and business development.

Criteria for Eligible Recipients: Not Applicable

Important Dates (if applicable): Funding cycle opens Spring 2023. The application deadline is Summer 2023.

Contact Information: Amanda Allen at aallen@dra.gov or 662-483-8203

Program Website: <https://dra.gov/funding-programs-states-economic-development/investing-in-the-delta/>

Alaska Broadband Program

Department: Denali Commission

Federal Agency/Bureau: Denali Commission

Program Overview: The Denali Commission is tasked with building infrastructure and economic opportunity in Rural Alaska. Broadband is critical infrastructure that all Americans need, though not all Alaskan's have access to affordable broadband. This program is well suited for partnerships with additional funding agencies.

Criteria for Eligible Recipients: Not Applicable

Important Dates (if applicable): Annual Funding Opportunity Announcement

Contact Information: Erik OBrien, eobrien@denali.gov

Broadband Technical Assistance Program

Department: Department of Agriculture

Federal Agency/Bureau: Rural Utilities Service

Program Overview: BTA provides financial assistance through cooperative agreements to eligible entities to receive or deliver broadband technical assistance and training and supports the development and expansion of broadband cooperatives.

Criteria for Eligible Recipients: For a project to be eligible to receive federal funds from the BTA program, it must promote broadband expansion into a rural community.

Important Dates (if applicable): Deadline for applications is June 20, 2023, no later than 11:59 P.M. Eastern Time

Contact Information: To submit questions to RUS staff regarding the BTA, please complete the form available at www.usda.gov/reconnect/contact-us. For questions about Broadband Technical Assistance, you may also contact one of our General Field Representatives (GFR) . To find a GFR, visit our [GFR Contact Map](#)

Business and Industry (B&I) Guaranteed Loan Program

Department: Department of Agriculture

Federal Agency/Bureau: Rural Business-Cooperative Service

Program Overview: The Business and Industry program bolsters the availability of private credit by guaranteeing loans made by lenders to rural businesses. This program improves the economic health of rural communities by increasing access to business capital through loan guarantees that enable commercial lenders to provide affordable financing for businesses in eligible rural areas.

Criteria for Eligible Recipients: Individual borrowers must be citizens of the U.S. or reside in the U.S. after being legally admitted for permanent residence. Private-entity borrowers must demonstrate that loan funds will remain in the U.S. and the facility being financed will primarily create new or save existing jobs for rural U.S. residents. Eligible areas are rural areas not in a city or town with a population of more than 50,000 inhabitants but the borrower's headquarters may be based within a larger city as long as the project is located in an eligible local area. Check eligible addresses here: <https://eligibility.sc.egov.usda.gov/eligibility/welcomeAction.do?pageAction=ONERD>

To participate, lenders must be subject to supervision and credit examination by the applicable agency of the United States or a State including: Federal and State-chartered banks, savings and loans, Farm Credit Banks with direct lending authority, and credit unions. Other non-regulated lending institutions may also be approved by the Agency under the criteria of the OneRD regulation.

Important Dates (if applicable): Applications are accepted from lenders on an on-going basis.

Contact Information: Varies by state. See agency website

Program Website: <https://www.rd.usda.gov/programs-services/business-industry-loan-guarantees>

Community Connect Grant Program

Department: Department of Agriculture

Federal Agency/Bureau: Rural Utilities Service

Program Overview: The Community Connect program helps fund broadband deployment in rural communities where it is not yet economically viable for private-sector providers to deliver service. The grants offer financial assistance to eligible service providers that will construct, improve, or expand broadband networks in rural areas.

Criteria for Eligible Recipients: The applicant must define a contiguous geographic area, located entirely within a rural area, in which broadband service does not exist. Rural Area refers to any area, as confirmed by the most recent decennial Census of the United States, which is not located within a city, town, or incorporated area that has a population of greater than 20,000 inhabitants; or an urbanized area contiguous and adjacent to a city or town that has a population of greater than 50,000 inhabitants

Important Dates (if applicable): Not Applicable

Contact Information: For questions about the Community Connect Grant Program, please email Community.Connect@usda.gov or call the Loan Origination and Approval Division at (202) 720-0800.

Program Website: <https://www.rd.usda.gov/community-connect>

Federal Funding Site: [Department of Agriculture-Community Connect Grant Program](#)

Community Facilities (CF) Direct Loan and Grant Program

Department: Department of Agriculture

Federal Agency/Bureau: Rural Housing Service

Program Overview: This program provides affordable funding to develop essential community facilities in rural areas. An essential community facility is defined as a facility that provides an essential service to the local community for the orderly development of the community in a primarily rural area, and does not include private, commercial or business undertakings.

Criteria for Eligible Recipients: Eligible borrowers and grantees include public bodies, non-profits, and Federally-recognized Tribes. Eligible facilities must be located in rural areas with a population of 20,000 or fewer inhabitants. See 7 CFR Part 1942, Subpart A and 7 CFR Part 3570, Subpart A for additional requirements.

Important Dates (if applicable): Applications accepted year-round.

Contact Information: For more information, contact your local Rural Development State Office: <https://rd.usda.gov/about-rd/state-offices>.

Program Website: <https://www.rd.usda.gov/programs-services/community-facilities-direct-loan-grant-program>

Federal Funding Site: [Department of Agriculture-Community Facilities \(CF\) Direct Loan and Grant Program](#)

Community Facilities (CF) Guaranteed Loan Program

Department: Department of Agriculture

Federal Agency/Bureau: Rural Housing Service

Program Overview: This program provides affordable funding to develop essential community facilities in rural areas. An essential community facility is defined as a facility that provides an essential service to the local community for the orderly development of the community in a primarily rural area, and does not include private, commercial or business undertakings.

Criteria for Eligible Recipients: Applicant must be unable to finance the project from their own resources or through commercial credit at reasonable rates and terms. To be eligible for a loan guarantee under CF, a borrower must meet the requirements identified in the 7 CFR 5001.126 (b)(1) through 4.

Important Dates (if applicable): Applications accepted year-round.

Contact Information: For more information, contact your local Rural Development State Office: <https://rd.usda.gov/about-rd/state-offices>.

Distance Learning and Telemedicine (DLT) Grant Program

Department: Department of Agriculture
Federal Agency/Bureau: Rural Utilities Service

Program Overview: The Distance Learning and Telemedicine program helps rural communities use the unique capabilities of telecommunications to connect to each other and to the world, overcoming the effects of remoteness and low population density.

Criteria for Eligible Recipients: This program is intended to serve rural area and towns with a population of 20,000 or less.

Important Dates (if applicable): Not Applicable

Contact Information: DLTInfo@usda.gov Loan Origination and Approval Division (202) 720-0800 General Field Representatives (GFR) <https://www.rd.usda.gov/contact-us/telecom-gfr>

Federal Funding Site: [Department of Agriculture-Distance Learning and Telemedicine \(DLT\) Grant Program](#)

[Main Menu](#)

ReConnect Program

Department: Department of Agriculture

Federal Agency/Bureau: Rural Utilities Service

Program Overview: ReConnect offers grants, loan-grant combinations, and low-interest loans for broadband infrastructure to connect rural families, businesses, farms, ranches, schools, libraries, and public safety facilities to modern, high-speed internet. ReConnect funds can be used to construct, improve, and acquire facilities that provide internet services to customers' premises, with reliable technologies that are suitable for the type of rural community and the type of high-speed internet use.

Criteria for Eligible Recipients: This program is intended for rural areas without sufficient access to broadband. Rural area is defined in the program regulation as any area that is not located within: (1) A city, town, or incorporated area that has a population of greater than 20,000 inhabitants; or (2) an urbanized area contiguous and adjacent to a city or town that has a population of greater than 50,000 inhabitants as defined in the Agency mapping tool. This definition excludes incarcerated populations and provides limited exclusion of military base populations.

Important Dates (if applicable): Not Applicable

Contact Information: Please contact the ReConnect Program Staff at <https://www.usda.gov/reconnect/contact-us>.

Program Website: <https://www.usda.gov/reconnect>

Federal Funding Site: [Department of Agriculture-ReConnect Program](#)

Rural Business Development Grant Program (RBDG)

Department: Department of Agriculture

Federal Agency/Bureau: Rural Business-Cooperative Service

Program Overview: The Rural Business Development Grant program provides funding designed to support targeted technical assistance, training, and other activities leading to the development or expansion of small and emerging private businesses in rural areas that have fewer than 50 new employees and less than \$1 million in gross revenues. Programmatic activities are separated into enterprise or opportunity type grant activities.

Criteria for Eligible Recipients: RBDG funds must be used for projects that benefit rural towns or areas outside the urbanized periphery of any city with a population of 50,000 or more. Small businesses, to be eligible for the program, must have fewer than 50 workers and less than \$1 million in gross revenue.

Important Dates (if applicable): The program application period closed on Feb. 28, 2022. The application window usually closes in February with awards made in the summer/fall of the same year.

Contact Information: Varies by state. See agency website.

Program Website: <https://www.rd.usda.gov/programs-services/rural-business-development-grants-program>

Federal Funding Site: [Department of Agriculture-Rural Business Development Grant Program \(RBDG\)](#)

Rural Community Development Initiative (RCDI) Grant Program

Department: Department of Agriculture
Federal Agency/Bureau: Rural Housing Service

Program Overview: RCDI grants are awarded to help non-profit housing and community development organizations, low-income rural communities and federally recognized tribes support housing, community facilities and community and economic development projects in rural areas.

Criteria for Eligible Recipients: Must have been legally organized for a minimum of three years and have at least three years prior experience working with private nonprofit community-based housing and development organizations, low-income rural communities, or tribal organizations.

Important Dates (if applicable): April 19, 2022 - Electronic application deadline April 25, 2022 - Paper application deadline

Contact Information: For more information, contact your local Rural Development State Office: <https://rd.usda.gov/about-rd/state-offices>.

Program Website: <https://www.rd.usda.gov/programs-services/rural-community-development-initiative-grants>

Rural Economic Development Loan and Grant Program (REDLG)

Department: Department of Agriculture

Federal Agency/Bureau: Rural Business-Cooperative Service

Program Overview: The Rural Economic Development Loan and Grant program provides funding for rural projects through local utility organizations. USDA provides zero-interest loans to local utilities which they, in turn, pass through to local businesses (ultimate recipients) for projects that will create and retain employment in rural areas. The ultimate recipients repay the lending utility directly. The utility is responsible for repayment to USDA.

Criteria for Eligible Recipients: Eligible recipients can be any former RUS borrower that pre- or repaid an insured, direct, or guaranteed loan; any nonprofit utility eligible to receive assistance from the RD Electric or Telecommunication Programs; and any current RD Electric or Telecommunication Programs Borrowers.

Important Dates (if applicable): Application deadlines for quarterly funding competitions are no later than 4:30pm (local time) on: Q1 – Sept. 30, 2021; Q2 – Dec. 31, 2021; Q3 – Mar. 31, 2022; Q4 – June 30, 2022.

Contact Information: Varies by state. See agency website

Program Website: <https://www.rd.usda.gov/programs-services/rural-economic-development-loan-grant-program>

FY 2023 EDA Public Works and Economic Adjustment Assistance Programs

Department: Department of Commerce

Federal Agency/Bureau: Economic Development Administration (EDA)

Program Overview: The Economic Development Administration (EDA) has published the FY 2023 Public Works and Economic Adjustment Assistance Programs Notice of Funding Opportunity (PWEAA NOFO). EDA's Public Works and Economic Adjustment Assistance (EAA) programs provide economically distressed communities and regions with comprehensive and flexible resources to address a wide variety of economic needs. Projects funded by these programs will support work in Opportunity Zones and will support the mission of the Department by, among other things, leading to the creation and retention of jobs and increased private investment, advancing innovation, enhancing the manufacturing capacities of regions, providing workforce development opportunities, and growing ecosystems that attract foreign direct investment. Through the PWEAA NOFO, EDA solicits applications from applicants in order to provide investments that support construction, non-construction, planning, technical assistance, and revolving loan fund projects under EDA's Public Works program and EAA programs (which includes Assistance to Coal Communities). Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities, including those negatively impacted.

Criteria for Eligible Recipients: In order to be eligible for funding under this PWEAA NOFO, an applicant must propose a project that meets EDA's distress criteria. Applicants must self-define the appropriate region geographically. The geographic area comprising a region need not be contiguous or defined by political boundaries but should constitute a cohesive area capable of undertaking self-sustained economic development. Applicants must provide third-party data that clearly indicate that the relevant region is subject to one (or more) of the following economic distress criteria: (i) an unemployment rate that is, for the most recent 24-month period for which data are available, at least one percentage point greater than the national average unemployment rate; (ii) per capita income that is, for the most recent period for which data are available, 80 percent or less of the national average per capita income; or (iii) a "Special Need," as determined by EDA.

[Additional Information](#)

FY 2023 EDA Public Works and Economic Adjustment Assistance Programs

Important Dates (if applicable): There are no submission deadlines under the FY2023 Public Works and Economic Adjustment Assistance funding opportunity. Applications will be accepted on an ongoing basis until a new PWEAA NOFO is published, this PWEAA NOFO is cancelled, or all funds have been expended. Applicants are strongly encouraged to contact the EDA representative for their applicable State before submission to clarify technical matters and alignment of the project with EDA mission and investment priorities.

Contact Information: Please contact your local economic development representative (based on the location of the proposed project) at <https://www.eda.gov/contact/>

21st Century Community Learning Centers

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: This program supports the creation of community learning centers that provide academic enrichment opportunities during nonschool hours for children, particularly students who attend high poverty and low-performing schools. The program helps students meet state and local student standards in core academic subjects, such as reading and math; offers students a broad array of enrichment activities that can complement their regular academic programs; and offers literacy and other educational services to the families of participating children.

Adult Education State Grants

Department: Department of Education

Federal Agency/Bureau: U.S. Department of Education, Office of Career, Technical, and Adult Education

Program Overview: The Adult Education and Family Literacy State Grant program provides grants to eligible agencies to provide adult education and literacy services. These grants help adults (1) become literate and obtain the knowledge and skills necessary for employment and economic self-sufficiency; (2) obtain the education and skills that are necessary to become full partners in the educational development of their children and lead to sustainable improvements in the economic opportunities for their family; and (3) attain a secondary school diploma and transition to postsecondary education and training, including through career pathways. These grants also assist immigrants and other individuals who are English language learners in improving their reading, writing, speaking, and comprehension skills in English and mathematics and in acquiring an understanding of the American system of government, individual freedom, and the responsibilities of citizenship.

Criteria for Eligible Recipients: Not Applicable

Alaska Native and Native Hawaiian-Serving Institutions (ANNH) Program, Part A

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: This program provides grants and related to assistance to eligible Alaska Native-serving institutions and Native Hawaiian-serving institutions of higher education to enable such institutions to improve and expand their capacity to serve Alaska Natives and Native Hawaiians.

Criteria for Eligible Recipients: There are two levels of eligibility to qualify as an eligible institution under the Title III, Part A, ANNH Program:

Designation as an eligible institution:

- (a) Be accredited or preaccredited by a nationally recognized accrediting agency or association that the Secretary has determined to be a reliable authority as to the quality of education or training offered; (b) Be legally authorized by the State in which it is located to be a junior or community college or to provide an educational program for which it awards a bachelor's degree; and (c) Be designated as an "eligible institution" by demonstrating that it: (1) has an enrollment of needy students as described in 34 CFR 607.3; and (2) has low average educational and general expenditures per full-time equivalent (FTE) undergraduate student as described in 34 CFR 607.4.

Percentage Requirement:

An institution may receive a grant under §317 of the Higher Education Act (HEA) if, at the time of application, it has an enrollment of undergraduate students that is at least 20 percent Alaska Native students;

Or

An institution may receive a grant authorized under §317 of the HEA if, at the time of application, it has an enrollment of undergraduate students that is at least 10 percent Native Hawaiian students.

Important Dates (if applicable): Dates vary each year for competitions. Due dates depend on the publication date of the Notice Inviting Applications (NIA). However, all awards must be made by 9/30 of the fiscal year..

Alaska Native Education Program

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: The overall purpose of the Alaska Native Education program is to meet the unique education needs of Alaska Natives and to support supplemental education programs to benefit Alaska Natives. Grantees under the program use their funds for such activities as the development of curricula and education programs that address the education needs of Alaska Native students, and the development and operation of student enrichment programs in science and mathematics. Eligible activities also include professional development for educators, activities carried out through Even Start programs and Head Start programs, family literacy services, and dropout prevention programs.

Criteria for Eligible Recipients: In general, eligible applicants for the Alaska Native Education Program include nonprofit organizations and other educational organizations and/or agencies. Specifically, the following entities are eligible: A) Alaska Native organizations, education entities with experience in developing or operating Alaska Native programs or programs of instruction conducted in Alaska Native languages; B) Cultural and community-based organizations with experience in developing or operating programs to benefit Alaska Natives, and consortia of organizations may apply; C) A state education agency (SEA) or local education agency (LEA) may apply as part of a consortium involving an Alaska Native organization. The consortium may include other eligible applicants.

Important Dates (if applicable): Applications for the FY 2022 Alaska Native Education competition are due April 26, 2022.

American Rescue Plan Elementary and Secondary School Emergency Relief-Homeless Children and Youth (ARP-HCY)

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: On Thursday, March 11, 2021, President Biden signed the American Rescue Plan Act of 2021 (ARP) into law. In recognition of the extraordinary impacts of the COVID-19 pandemic on students experiencing homelessness, the ARP included an unprecedented \$800 million to support the specific needs of homeless children and youth via the American Rescue Plan Elementary and Secondary School Emergency Relief – Homeless Children and Youth (ARP-HCY) Fund. State educational agencies and local educational agencies (LEAs) must use ARP-HCY funds to identify homeless children and youth, to provide homeless children and youth with wrap-around services to address the challenges of COVID-19, and to enable homeless children and youth to attend school and fully participate in school activities. The Department released ARP-HCY funds in two separate disbursements (ARP Homeless I and ARP Homeless II).

Criteria for Eligible Recipients: State education agencies (SEAs) received this formula grant and disbursed funds in two parts to local education agencies (LEAs).

Early Intervention Program for Infants and Toddlers with Disabilities

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: The Grants for Infants and Families program (Part C) awards formula grants to the 50 states, District of Columbia, Puerto Rico, the Department of the Interior, and Outlying Areas to assist them in implementing statewide systems of coordinated, comprehensive, multidisciplinary, interagency programs and making early intervention services available to children with disabilities, aged birth through 2, and their families. Under the program, states are responsible for ensuring that appropriate early intervention services are made available to all eligible birth-through-2-year-olds with disabilities and their families, including Indian children and families who reside on reservations geographically located in the State.

Criteria for Eligible Recipients: Not Applicable

Elementary and Secondary School Emergency Relief Fund (ESSER)

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: On Thursday, March 11, 2021, the American Rescue Plan (ARP) Act was signed into law. It is an unprecedented \$1.9 trillion package of assistance measures, including \$122 billion for the ARP Elementary and Secondary School Emergency Relief (ARP ESSER) Fund. Funds are provided to State educational agencies and school districts to help safely reopen and sustain the safe operation of schools and address the impact of the coronavirus pandemic on the Nation's students.

Criteria for Eligible Recipients: A State must subgrant not less than 90 percent of its total ARP ESSER allocation to local educational agencies (LEAs).

English Language Acquisition State Grants

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: This program is designed to improve the education of English Learner (EL) children and youth by helping them learn English and meet challenging state academic content and student academic achievement standards. The program also provides enhanced instructional opportunities for immigrant children and youth. Funds are distributed to states based on a formula that takes into account the number of immigrant and EL students in each state.

Criteria for Eligible Recipients: A State must award formula subgrants for a fiscal year by allocating funds in a timely manner to each LEA in the State with an approved Title III plan. (ESEA Section 3114(a)). Additionally, a State must reserve not more than 15 percent of the State Title III allocation for subgrants to LEAs in the State that have experienced a significant increase in the percentage or number of immigrant children and youth who have enrolled in schools in the LEA in the current fiscal year compared to the average of the last two fiscal years. (ESEA Section 3114(d)).

Governor's Emergency Education Relief Fund (GEER)

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: In 2020, Congress set aside approximately \$3 billion of the \$30.75 billion allotted to the Education Stabilization Fund through the Coronavirus Aid, Relief, and Economic Security (CARES) Act for the Governor's Emergency Education Relief Fund (GEER) Fund. The Department awarded these grants to States (Governor's offices) based on a formula stipulated in the legislation: (1) 60% on the basis of the State's relative population of individuals aged 5 through 24. (2) 40% on the basis of the State's relative number of children counted under section 1124(c) of the Elementary and Secondary Education Act of 1965 (ESEA).

The Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, 2021, was signed into law on December 27, 2020, and provided an additional \$4,053,060,000 for the GEER Fund. The CRRSA Act provides that \$1,303,060,000 of those funds be used to supplement the Governor's Emergency Education Relief Fund (GEER II Fund) awarded to each State with an approved GEER application under the CARES Act enacted on March 27, 2020.

Criteria for Eligible Recipients: Not Applicable

Criteria for Eligible Recipients: A Governor may provide subgrants to LEAs and IHEs within the State that have been "most significantly impacted by coronavirus" to support their ability to continue providing educational services to their students and to support the "on-going functionality" of these entities. In addition, a Governor may use GEER funds to provide support through a subgrant or a contract to other LEAs, IHEs, and education related entities that the Governor "deems essential" for carrying out emergency educational services, providing childcare and early childhood education, providing social and emotional support, and protecting education-related jobs. An "education-related entity" is a governmental, nonprofit, or for-profit entity within the State that provides services that support preschool, elementary, secondary, or higher education. For examples of such entities, see question A-4 in Frequently Asked Questions about the Governor's Emergency Education Relief Fund (GEER Fund) available at: <https://oese.ed.gov/files/2020/07/FAQsGEER-Fund.pdf>.

HSI STEM and Articulation Program

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: This discretionary grant program is designed to increase the number of Hispanic and low-income students that acquire a degree in a STEM area. The program also supports the articulation to facilitate the transfer of students from 2yr to 4yr degree STEM program. Additionally, given the number of allowable activities, grantees can use these funds to improve labs and equipment, as well as faculty development, and STEM course improvements.

Criteria for Eligible Recipients: To qualify for HSI grants, IHEs must have 25% Hispanic UG FTE and show financial need in two ways: enrolling a high percentage of low-income students, and spending less per student than their peer institutions, on average.

Indian Education Title VI (A, Subpart I) Formula Grants

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: This program is designed to address the unique cultural, language, and educationally related academic needs of American Indian and Alaska Native students, including preschool children. The programs funded are to meet the unique cultural, language, and educational needs of Indian students and ensure that all students meet the challenging State academic standard. The program is the Department's principal vehicle for addressing the particular needs of Indian children. While adhering to all related program requirements, grantees will provide participant Native American/American Indian and Alaska Native PreK-12 students with valid ED506 forms or who are included in an approved BIE ISEP Count with highly-relevant, culturally-based academic learning experiences that improve their skill-set(s), while addressing the needs of the "whole child/person."

Criteria for Eligible Recipients: See <https://www.federalregister.gov/d/2022-00059/>

Important Dates (if applicable): Part I of Electronic Application System for Indian Education (EASIE) Applications Available: February 7, 2022. Magnet Schools Assistance Program

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: The Magnet Schools Assistance program provides grants to eligible local educational agencies to establish and operate magnet schools that are operated under a court-ordered or federally approved voluntary desegregation plan. These grants assist in the desegregation of public schools by supporting the elimination, reduction, and prevention of minority group isolation in elementary and secondary schools with substantial numbers of minority group students. In order to meet the statutory purposes of the program, projects also must support the development and implementation of magnet schools that assist in the achievement of systemic reforms and provide all students with the opportunity to meet challenging academic content and student academic achievement standards.

Projects support the development and design of innovative education methods and practices that promote diversity and increase choices in public education programs. The program supports capacity development—the ability of a school to help all its students meet more challenging standards—through professional development and other activities that will enable the continued operation of the magnet schools at a high performance level after funding ends. Finally, the program supports the implementation of courses of instruction in magnet schools that strengthen students' knowledge of academic subjects and their grasp of tangible and marketable vocational skills.

MSAP funded magnet schools are defined as public elementary or secondary schools or education centers that offers a special curriculum capable of attracting substantial numbers of students of different racial backgrounds. MSAP schools offer a wide range of distinctive education programs based on their community's interests. Some emphasize academic subjects such as math, science, technology, language immersion, visual and performing arts, or humanities. Others use specific instructional approaches, such as Montessori methods, or approaches found in international baccalaureate programs or early college programs.

Important Dates (if applicable): Not Applicable

Criteria for Eligible Recipients: Only LEAs or consortia of LEAs that are implementing court-ordered or federally approved voluntary desegregation plans that include magnet schools are eligible to apply.

Migrant Education Program—State Grants

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: The goal of the Migrant Education Program is to ensure that all migratory children reach challenging academic standards and graduate with a high school diploma or complete a high school equivalency that prepares them for responsible citizenship, further learning, and productive employment. Funds support high quality education programs for migratory children and help ensure that migratory children who move among the States are not penalized by disparities among States in curriculum, graduation requirements, and State academic standards.

Funds also ensure that migratory children not only are provided with appropriate education services that address their unique needs but also that such children receive full and appropriate opportunities to meet the same State academic standards that all children are expected to meet. Federal funds are allocated by formula to State educational agencies (SEAs) based on the three year average of the number of eligible migratory children, ages 3 through 21, residing within the state, the number of migratory children, ages 3 through 21, receiving summer services during the previous year, and each state's per pupil expenditure for education.

Criteria for Eligible Recipients: Not Applicable

Important Dates (if applicable): MEP Basic Formula Grant Awards to be awarded on July 1 each year.

Rural, Low-Income School Program

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: The purpose of the Rural and Low-Income School (RLIS) grant program is to provide poor, rural districts with financial assistance to address the unique needs of rural school districts that frequently lack the personnel and resources needed to compete effectively for Federal competitive grants and receive formula grant allocations in amounts too small to be effective in meeting their intended purposes. The grant is non-competitive, and eligibility is determined by statute. Awards are issued annually to state educational agencies (SEAs), which make sub-grants to local educational agencies (LEAs) that meet the applicable requirements. Awards are made to all SEAs with eligible LEAs that apply and meet the applicable requirements of the act (see legislative citation above).

Criteria for Eligible Recipients: An LEA is eligible to participate in the RLIS program if it meets the statutory criteria of being both low-income and rural. To be considered low-income, 20 percent or more of the children ages five to 17 served by the LEA must be from families with incomes below the poverty line, based on data from the U.S. Census Bureau's Small Area Income and Poverty Estimates (SAIPE). Rural non-geographic LEAs for which SAIPE data are not available that are eligible based on the same State-derived equivalent of SAIPE data that the State uses to make allocations under Part A of Title I of the ESEA, consistent with 34 C.F.R. § 200.72, are also eligible for RLIS funds. To be considered rural, all schools comprising the LEA must have a school locale code of 32, 33, 41, 42, or 43 (assigned by NCES), or be located in an area of the State defined as rural by a governmental agency of the State

Small, Rural School Achievement Program

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: The purpose of the Small, Rural School Achievement (SRSA) program is to provide small, rural local educational agencies (LEAs) with financial assistance to address the unique needs of rural school districts that frequently lack the personnel and resources needed to compete effectively for Federal competitive grants and receive formula grant allocations in amounts too small to be effective in meeting their intended purposes. LEAs are entitled to funds if they meet eligibility and application requirements. Awards are issued annually, and award amounts are determined using a formula.

Criteria for Eligible Recipients: An LEA is eligible to participate in the SRSA program if it meets the statutory criteria of being both small and rural. To be considered small, an LEA must have a total average daily attendance (ADA) of fewer than 600 students or exclusively serve schools that are located in counties with a population density of fewer than 10 persons per square mile. To be considered rural, all schools within the LEA must have a school locale code of 41, 42, or 43 (assigned by the Department's National Center for Education Statistics (NCES)) or be located in an area of the State defined as rural by a governmental agency of the State

Office of Special Education-Preschool Grants

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: The Preschool Grants program provides formula grants to states, the District of Columbia, and Puerto Rico to make available special education and related services for children with disabilities aged 3 through 5. In order to be eligible for these grants, states must serve all eligible children with disabilities aged 3 through 5 and have an approved application under Part B of the Individuals with Disabilities Education Act (IDEA). A state that does not make a free appropriate public education (FAPE) available to all children with disabilities aged 3 through 5 cannot receive funds under this program or funds attributable to this age range under the IDEA Grants to States program. Currently, all States are making FAPE available to all children aged 3 through 5 with disabilities.

Special Education-Grants to States

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: The Grants to States program provides formula grants to assist the 50 states, the District of Columbia, Puerto Rico, the Department of the Interior, Outlying Areas, and the Freely Associated States in meeting the excess costs of providing special education and related services to children with disabilities. In order to be eligible for funding, states must serve all children with disabilities between the ages of 3 through 21, except that they are not required to serve children aged 3 through 5 or 18 through 21 years if services are inconsistent with State law or practice or the order of any court. A state that does not provide a free appropriate public education (FAPE) to children with disabilities aged 3 through 5 cannot receive base payment funds attributable to this age group or any funds under the Preschool Grants program.

State Supported Employment Services Program

Department: Department of Education

Federal Agency/Bureau: Department of Education/Rehabilitation Services Administration

Program Overview: The State Supported Employment Services Program is authorized by Title VI of the Rehabilitation Act of 1973 (Rehabilitation Act), as amended by Title IV of the Workforce Innovation and Opportunity Act (WIOA). This program provides grants to assist States in developing and implementing collaborative programs with appropriate entities to provide supported employment services for individuals with the most significant disabilities, including youth with the most significant disabilities, who require supported employment services following the achievement of a supported employment outcome. Supported employment grant funds are used to supplement funds provided under the State VR Services Program to provide supported employment services. Program funds may be used to provide supported employment services, once an individual has been placed in supported employment, for up to 24 months and to supplement other VR services necessary to help individuals with the most significant disabilities find work in the integrated labor market.

State Vocational Rehabilitation Services Program

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: The State Vocational Rehabilitation (VR) Services Program is authorized by the Rehabilitation Act of 1973 (Rehabilitation Act), as amended by Title IV of the Workforce Innovation and Opportunity Act (WIOA). This program provides grants to assist States in operating statewide VR programs, each of which is an integral part of a statewide workforce development system. State VR programs provide VR services for individuals with disabilities, consistent with their strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice, so that they may prepare for and engage in competitive integrated employment or supported employment and achieve economic self-sufficiency.

Strengthening Institutions Program (SIP)

Department: Department of Education

Federal Agency/Bureau: Department of Education

Program Overview: SIP provides grants to eligible institutions of higher education (IHEs) to help them become self-sufficient and expand their capacity to serve low-income students by providing funds to improve and strengthen the institution's academic quality, institutional management, and fiscal stability.

Criteria for Eligible Recipients: To qualify as an eligible institution under any title III, part A program, an institution must-- (a) Be accredited or preaccredited by a nationally recognized accrediting agency or association that the Secretary has determined to be a reliable authority as to the quality of education or training offered; (b) Be legally authorized by the State in which it is located to be a junior or community college or to provide an educational program for which it awards a bachelor's degree; and (c) Be designated as an "eligible institution" by demonstrating that it: (1) has an enrollment of needy students as described in 34 CFR 607.3; and (2) has low average educational and general expenditures per full-time equivalent (FTE) undergraduate student as described in 34 CFR 607.4.

Important Dates (if applicable): Vary. Competitions held every other year. Due dates depend on the publication date of the Notice Inviting Application (NIA). Awards must be made by 9/30 every fiscal year.

Choice Neighborhoods

Department: Department of Housing and Urban Development

Federal Agency/Bureau: Office of Public Housing Investments (OPHI)

Program Overview: Choice Neighborhoods leverages significant public and private resources, enabling communities to transform disinvested neighborhoods that include distressed public housing and/or HUD-assisted housing. Local leaders, residents, and stakeholders – such as public housing authorities, cities, schools, police, business owners, nonprofits, and private developers – come together to create and implement a holistic plan that revitalizes distressed HUD housing and addresses the challenges in the surrounding neighborhood. Moving beyond bricks and mortar, these partners also create a roadmap to strengthen families’ income, employment, health, and education. Through these grants, communities are replacing obsolete, distressed housing with vibrant mixed income neighborhoods, catalyzing critical investments in neighborhood assets, and creating opportunities for families.

Choice Neighborhoods offers Planning Grants and Implementation Grants:

- Planning Grants assist communities in developing a successful neighborhood transformation plan and building support necessary for that plan to be successfully implemented.
- Implementation Grants support those communities that have undergone a comprehensive local planning process and are ready to implement their “Transformation Plan” to redevelop the neighborhood.

As part of this neighborhood revitalization, Choice Neighborhoods strongly encourages grantees to increase broadband connectivity. Grantees are required to build the infrastructure to support broadband internet in all new units. Grantees can also use their funds to install broadband in these units and establish neighborhood broadband programs.

Community Development Block Grant

Department: Department of Housing and Urban Development

Federal Agency/Bureau: U.S. Department of Housing and Urban Development's (HUD) Community Planning and Development (CPD) Office

Program Overview: The CDBG Program provides annual grants on a formula basis to states and local governments, to be used for economic and community development, principally for low and moderate-income persons.

Criteria for Eligible Recipients: Communities use CDBG funds for projects initiated and developed at the local level based on local needs, priorities, and benefits. There are 26 statutory eligible activities that include public facilities, infrastructure, housing, economic development, and planning. Each activity must also meet a National Objective of either: 1) benefitting low- and moderate-income persons; 2) eliminating slums or blight; or 3) addressing urgent needs for community health and safety.

Important Dates (if applicable): Program year cycles vary by grantee.

Community Development Block Grant CDBG | Section 108 Loan Guarantee Program

Department: Department of Housing and Urban Development
Federal Agency/Bureau: Community Development Block Grant

Program Overview: The Section 108 Loan Guarantee Program (Section 108) provides Community Development Block Grant recipients with the ability to leverage their annual grant allocation to access low-cost, flexible financing for economic development, housing, public facility, and infrastructure projects. Section 108 can be used for communities to upgrade their broadband infrastructure to create more 'connected' communities.

Criteria for Eligible Recipients: Communities use CDBG funds for projects initiated and developed at the local level based on local needs, priorities, and benefits. Eligible activities include public facilities, infrastructure, housing, economic development, and planning. Each activity must also meet a National Objective of either: 1) benefitting low- and moderate-income persons; 2) eliminating slums or blight; or 3) addressing urgent needs for community health and safety.

Public Housing Capital Fund Program

Department: Department of Housing and Urban Development

Federal Agency/Bureau: U.S. Department of Housing and Urban Development's (HUD) Office of Multifamily Housing Programs

Program Overview: The Capital Fund Program provides annual formula based grants to Public Housing Agencies (PHAs) for capital and management activities, including modernization and development of public housing. The Capital fund also permits PHAs to use Capital Funds for financing activities, including payments of debt service and customary financing costs, in standard PHA developments and in mixed-finance developments which include Public Housing.

Criteria for Eligible Recipients: Not Applicable

Important Dates (if applicable): Once funds are awarded, PHAs generally have 2 years from the date the funds become available to obligate 90% of the grant and 4 years from the date the funds become available to expend 100% of the grant. These dates changes with each annual award based on the date the funding is awarded for that fiscal year.

Title VI Loan Guarantee

Department: Department of Housing and Urban Development

Federal Agency/Bureau: U.S. Department of Housing and Urban Development

Program Overview: The Title VI Housing Activities Loan Guarantee Program (Title VI) is an effective public investment tool that HUD offers to federally recognized tribes and Tribally Designated Housing Entities (TDHEs). It provides an additional source of financing for affordable tribal housing activities. Eligible activities include the following: Create new housing; Rehabilitate housing; Build infrastructure; Construct community facilities; Acquire land to be used for housing; Prepare architectural & engineering plans; Fund financing costs. The Title VI Loan Guarantee Program is authorized by the Native American Housing Assistance and Self Determination Act of 1996, as amended (25 U.S.C. 4101 et seq.), (NAHASDA), in accordance with the Code of Federal Regulations at 24 CFR Part 1000. NAHASDA and the regulations also authorize the Indian Housing Block Grant Program (IHBG). The requirements of NAHASDA and the regulations apply to all projects using Title VI financing.

Investments in Apprenticeship to Support the Telecommunications Workforce

Department: Department of Labor

Federal Agency/Bureau: Employment and Training Administration

Program Overview: The Telecommunications Industry Registered Apprenticeship Program (“TIRAP”) is a joint venture of telecommunications companies, industry associations and the U.S. Department of Labor that develops credentialed apprenticeship programs available to qualified employers for career development of the telecommunications workforce. The TIRAP’s mission is to partner with stakeholders to promote safety, enhance quality, and enable education and advancement opportunities in the telecommunications workforce that will meet network infrastructure build out needs.

In February 2020, the Wireless Infrastructure Association (WIA), the National Sponsor of TIRAP, was awarded a \$5,997,096 grant under the Department of Labor’s “Apprenticeship: Closing the Skills Gap” program. In partnership with the Power & Communication Contractors Association (PCCA), the grant will be used to train a 5G workforce. Five institutions of higher education have already committed as technical partner schools.

The nearly \$6 million grant is supplemented by over \$9 million in matching support from industry, including cash and in-kind contributions from WIA, PCCA, Ditch Witch, FS3, and participating employers, for a total commitment to apprenticeship of \$15 million in a public-private partnership. The grant will provide the necessary funding to design curricula and deliver training to develop qualified applicants for placement in middle- to high-skilled jobs nationwide that will accelerate 5G deployment for America’s 5G Apprenticeship Initiative. America’s 5G Apprenticeship Initiative will engage a consortium of public and private partners with 33 small and mid-sized employers committing to create over 5,500 new apprenticeships and preapprenticeships in this rapidly evolving sector. These industry-driven, competency-based apprenticeships will target veterans; transitioning service members; military spouses; women; people of color; unemployed, underemployed, and incumbent workers; and other underrepresented populations.

Criteria for Eligible Recipients: Not Applicable

[Main Menu](#)

Investments in Apprenticeship to Support the Telecommunications Workforce

Important Dates (if applicable): Not Applicable

Contact Information: Not Applicable

Program Website: www.apprenticeship.gov (Department of Labor's website)

The Wireless Infrastructure Association represents the companies that make up the wireless infrastructure ecosystem in the United States. Its members are the businesses that develop, build, own and operate that nation's wireless infrastructure. WIA member companies include wireless carriers, infrastructure providers, and professional services firms that collectively own and operate more than 135,000 telecommunications facilities around the globe.

<https://wia.org/>

Built by and for telecommunications employers, TIRAP is a competency-based apprenticeship aimed at growing the productivity of the workforce as directly as possible. TIRAP defines career paths in a growing number of critical occupations, including tower technicians, wireless technicians, and utilities workers, along with leads and foremen. By establishing on-the-job training as well as classroom learning, these apprenticeships help you onboard and upskill your workers. This leads to better efficiency and safety —plus higher employee engagement and retention.

Workforce Innovation and Opportunity Act (WIOA)

Department: Department of Labor

Federal Agency/Bureau: Employment and Training Administration

Program Overview: The Workforce Innovation and Opportunity Act (WIOA) which succeeded the Workforce Investment Act of 1998 (P.L. 105-220), is the primary federal legislation that supports workforce development. WIOA was enacted to bring about increased coordination and alignment among federal workforce development and related programs.

The Congress is now considering reauthorization of the legislation. The House Education and Labor Committee introduced the Workforce Innovation and Opportunity Act of 2022, legislation to reauthorize the Workforce Innovation and Opportunity Act (WIOA), H.R.7309, and expand America's workforce development system.

American Rescue Plan Coronavirus State and Local Fiscal Recovery Funds

Department: Department of the Treasury

Federal Agency/Bureau: Department of the Treasury

Program Overview: The Coronavirus State and Local Fiscal Recovery Funds provide a substantial infusion of resources to help turn the tide on the pandemic, address its economic fallout, and lay the foundation for a strong and equitable recovery. Treasury is launching this much needed relief to: *Support urgent COVID-19 response efforts to continue to decrease spread of the virus and bring the pandemic under control. *Replace lost revenue for eligible state, local, territorial, and Tribal governments to strengthen support for vital public services and help retain jobs. *Support immediate economic stabilization for households and businesses. *Address systemic public health and economic challenges that have contributed to the inequal impact of the pandemic The Coronavirus State and Local Fiscal Recovery Funds provide substantial flexibility for each government to meet local needs— including support for households, small businesses, impacted industries, essential workers, and the communities hardest hit by the crisis. These funds can also be used to make necessary investments in water, sewer, and broadband infrastructure.

Criteria for Eligible Recipients: Not Applicable

Capital Projects Fund

Department: Department of the Treasury

Federal Agency/Bureau: Department of the Treasury

Program Overview: The Coronavirus Capital Projects Fund (Capital Projects Fund) will address many challenges laid bare by the pandemic, especially in rural America, Tribal communities, and low- and moderate-income communities, helping to ensure that all communities have access to the high-quality modern infrastructure, including broadband, needed to access critical services. The American Rescue Plan provides \$10 billion for payments to eligible governments to carry out critical capital projects that directly enable work, education, and health monitoring, including remote options, in response to the public health emergency. The COVID-19 public health emergency revealed and continues to reinforce our understanding that communities without access to high-quality modern infrastructure, including broadband, face impediments to fully participating in aspects of daily life, such as remote work, telehealth, and distance learning. Treasury is launching the Capital Projects Fund to allow recipients to invest in capital assets that meet communities' critical needs in the short- and long-term, with a key emphasis on making funding available for broadband infrastructure. The Capital Projects Fund aims to: Directly support recovery from the COVID-19 public health emergency by strengthening and improving the infrastructure necessary for participation in work, education, and health monitoring that will last beyond the pandemic. Enable investments in capital assets designed to address inequities in access to critical services. Contribute to the Administration's goal of providing every American with the modern infrastructure necessary to access critical services, including a high-quality and affordable broadband internet connection. A key priority of this program is to make funding available for reliable, affordable broadband infrastructure and other digital connectivity technology projects. Recipients may also use funds for certain other capital projects, such as multi-purpose community facilities, that enable work, education, and healthcare monitoring, including remote options. The program encourages recipients to focus on economically distressed areas, support community empowerment, and adopt strong labor practices.

Criteria for Eligible Recipients: Not Applicable

Important Dates (if applicable): For states, territories & freely associated states the application portal launched on September 24, 2021 and the deadline to request funding was December 27, 2021. The deadline to submit a grant plan is September 24, 2022. For Tribal governments the application portal opened on October 1, 2021 and the deadline to request funding is June 1, 2022.

New Markets Tax Credit Program

Department: Department of the Treasury

Federal Agency/Bureau: Community Development Financial Institutions Fund

Program Overview: Historically, low-income communities experience a lack of investment, as evidenced by vacant commercial properties, outdated manufacturing facilities, and inadequate access to education and healthcare service providers. The New Market Tax Credit Program (NMTC Program) aims to break this cycle of disinvestment by attracting the private investment necessary to reinvigorate struggling local economies. The NMTC Program attracts private capital into low income communities by permitting individual and corporate investors to receive a tax credit against their federal income tax in exchange for making equity investments in specialized financial intermediaries called Community Development Entities (CDEs). The credit totals 39 percent of the original investment amount and is claimed over a period of seven years.

Criteria for Eligible Recipients: Only certified CDEs are eligible to receive an allocation of New Markets Tax Credits. Certified CDEs must meet the following requirements: be a legal entity at the time of application; have a primary mission of servicing low-income communities; and, maintain accountability to residents of its targeted low-income communities.

Affordable Connectivity Program

Department: Federal Communications Commission

Federal Agency/Bureau: Federal Communications Commission/Wireline Competition Bureau

Program Overview: The Affordable Connectivity Program is an FCC benefit program, which replaced and builds upon the FCC's Emergency Broadband Benefit Program, to help ensure that households can afford the broadband they need for work, school, healthcare and more.

The benefit provides a discount of up to \$30 per month toward internet service for eligible households and up to \$75 per month for households on qualifying Tribal lands. Eligible households can also receive a one-time discount of up to \$100 to purchase a laptop, desktop computer, or tablet from participating providers if they contribute more than \$10 and less than \$50 toward the purchase price.

The Affordable Connectivity Program benefit is limited to one monthly service discount and one device discount per household.

Criteria for Eligible Recipients: A household is eligible for the ACP if the household income is at or below 200% of the Federal Poverty Guidelines, or if a member of the household meets at least one of the criteria identified at: <https://www.affordableconnectivity.gov/do-i-qualify/>.

Connected Care Pilot Program

Department: Federal Communications Commission

Federal Agency/Bureau: Federal Communications Commission/Wireline Competition Bureau

Program Overview: On April 2, 2020, the FCC established a new three-year Connected Care Pilot Program, which will provide up to \$100 million of support from the Universal Service Fund (USF) to help defray eligible health care providers' costs of providing connected care services and help assess how USF funds might be used to support connected care services. The Connected Care Pilot provides funding for selected pilot projects to cover 85% of the eligible costs of broadband connectivity, certain network equipment (e.g., network equipment needed to make a support broadband service functional, such as a router), and information services necessary to provide connected care services to the intended patient population. In selecting pilot projects from eligible health care providers (HCPs), the FCC maintained a strong preference for pilot projects that will primarily benefit low-income Americans or veterans.

Criteria for Eligible Recipients: Not Applicable

Important Dates (if applicable): The Connected Care Pilot Program application window closed on December 7, 2020. On January 15, 2020, the Commission announced an initial set of 14 pilot projects with over 150 treatment sites in 11 states that were selected for the Connected Care Pilot Program. The selected projects requested a total of \$26.6 million for proposed projects to treat nearly half a million patients in both urban and rural parts of the country. On June 17, 2021, the Commission announced a second set, approving 36 separate applications requesting \$31.3 million. On October 27, 2021, the Commission announced a third set of projects, selecting an additional 36 applications, with requests totaling \$15.3 million. On March 17, 2022, the Commission announced the fourth and final set of Pilot projects, totaling \$29,752,601.

E-Rate Program

Department: Federal Communications Commission

Federal Agency/Bureau: Federal Communications Commission/Wireline Competition Bureau

Program Overview: The schools and libraries universal service support program, commonly known as the E-rate program, helps schools and libraries to obtain affordable broadband. Eligible schools, school districts and libraries may apply individually or as part of a consortium. Funding may be requested under two categories of service: category one services to a school or library (telecommunications, telecommunications services and Internet access), and category two services that deliver Internet access within schools and libraries (internal connections, basic maintenance of internal connections, and managed internal broadband services). Discounts for support depend on the level of poverty and whether the school or library is located in an urban or rural area. The discounts range from 20 percent to 90 percent of the costs of eligible services. E-rate program funding is based on demand up to an annual Commission-established cap.

Criteria for Eligible Recipients: Not Applicable

Important Dates (if applicable): Funding Year application filing window: January 12 – March 22, 2022 (May 26, 2022 for Tribal Libraries) for Funding Year 2022

Contact Information: FCC Telecommunications Access Policy Division: (202) 418-7400 USAC E-rate Customer Support: (888) 203-8100

Emergency Connectivity Fund

Department: Federal Communications Commission

Federal Agency/Bureau: Federal Communications Commission/Wireline Competition Bureau

Program Overview: The FCC's Emergency Connectivity Fund Program (Program) provides funding for schools and libraries for the purchase, during the coronavirus pandemic, of connected devices and broadband connections for use by students, school staff, and library patrons for primarily educational purposes while they are at locations other than schools and libraries. Support provided through the Program reimburses eligible schools and libraries for purchases of eligible equipment, including Wi-Fi hotspots, modems, routers, and connected devices, as well as advanced telecommunications and information services, to meet the remote learning needs of students, school staff, and library patrons who would otherwise lack access to connected devices and broadband connections sufficient to engage in remote learning during the upcoming school year. The FCC has designated the Universal Service Administrative Company as the Administrator of the Program.

Criteria for Eligible Recipients: Not Applicable

Important Dates (if applicable): The first application filing window for the Emergency Connectivity Fund Program opened on June 29, 2021, and closed on August 13, 2021. Applicants requested \$5.137 billion to fund connected devices and broadband connections in the first application filing window. The second application filing window closed on October 13, 2021. Applicants requested \$1.29 billion to fund connected devices and broadband connections in the second application filing window. A third application filing window opened on April 28, 2022 and closed on May 13, 2022, during which applicants could request support for eligible equipment and up to 12 months of recurring service to be provided or delivered between July 1, 2022 and December 31, 2023 to students, school staff, and library patrons with unmet needs. Applicants requested over \$2.81 billion to fund connected devices and broadband connections during the third application filing window.

High Cost Program (including Connect America Fund, Rural Digital Opportunity Fund and 5G Fund)

Department: Federal Communications Commission

Federal Agency/Bureau: Federal Communications Commission/Wireline Competition Bureau

Program Overview: The federal Universal Service High-Cost Program is designed to ensure that consumers in rural, insular, and high-cost areas have access to modern communications networks capable of providing voice and broadband service, both fixed and mobile, at rates that are reasonably comparable to those in urban areas. The program fulfills this universal service goal by allowing eligible carriers who serve these areas to recover some of their costs from the federal Universal Service Fund.

Criteria for Eligible Recipients: Not Applicable

Lifeline

Department: Federal Communications Commission

Federal Agency/Bureau: Federal Communications Commission/Wireline Competition Bureau

Program Overview: The Lifeline program provides a discount on phone and broadband service for qualifying low-income households to ensure that all Americans have the opportunities and security that those services bring, including being able to connect to jobs, family, and emergency services.

Criteria for Eligible Recipients: Consumers are eligible to receive Lifeline if their household income is 135% or less than the Federal Poverty Guidelines, or if a member of their household is eligible to participate in at least one of the following federal programs: SNAP, Medicaid, SSI, Federal Public Housing Assistance or Veterans Pension and Survivors Benefit. In addition, persons living on Tribal Lands are eligible if they, or someone in their household, are eligible for BIA General Assistance, Head Start, Tribal TANF or Food Distribution Program on Indian Reservations. Rural Health Care Program

Department: Federal Communications Commission

Federal Agency/Bureau: Federal Communications Commission/Wireline Competition Bureau

Program Overview: The Rural Health Care (RHC) Program provides funding to eligible public or non-profit health care providers for broadband and telecommunications services necessary for the provision of health care. RHC Program support is provided on a funding year basis. The RHC Program has an annual funding cap, which is adjusted for inflation each year. The cap for FY2022 is \$637.7 million. The RHC Program provides funding through two programs: the Telecommunications (Telecom) Program and the Healthcare Connect Fund Program. The Telecom Program, established in 1997, ensures that rural health care providers pay no more than their urban counterparts for eligible telecommunications services. Specifically, an applicant's program support is based on the difference between rural rates charged for telecommunications services in the rural area where the health care provider is located, and the urban rates charged for similar telecommunications services in the State. The rural health care provider pays only the urban rate for the telecommunications service, and the USF pays the difference between the urban rate and rural rate for the service to the service provider. The Healthcare Connect Fund Program, established in 2012, provides a flat 65% discount on an array of communications services to both individual rural health care providers and consortia, which can include non-rural health care providers (if the consortium has a majority of rural sites). These services include Internet access, dark fiber leases, business data, traditional DSL, and private carriage services, among others, along with funding for construction of health care provider-owned communications facilities. With the Healthcare Connect Fund Program, the Commission intended to promote the use of broadband services, recognizing the increasing need for rural health care providers to have access to specialists who are often located in urban areas, as well as the advent of certain communications-based trends in healthcare delivery, such as the move towards electronic health records.

Criteria for Eligible Recipients: Not Applicable

Important Dates (if applicable): Funding Year 2021: July 1, 2021 – June 2022.

State Economic & Infrastructure Development (EID) Program

Department: Northern Border Regional Commission

Federal Agency/Bureau: Northern Border Regional Commission

Program Overview: The State and Economic & Infrastructure Development Program funds economic development and infrastructure projects throughout designated counties in the NBRC's four-state service area. The NBRC provides investments to job-creating projects that help reduce poverty, unemployment, and outmigration, within 7 statutorily defined funding areas.

SEID 2021: - Approximately \$5.8 MM for each State; - UP to \$1,000,000 maximum award to eligible infrastructure projects, up to a \$350,000 maximum award for all other types of eligible projects; - All funds are in the form of reimbursement for eligible expenses incurred after a Notice to Proceed has been fully executed; - 2022 Application materials are currently available on NBRC's website, with Letters of Interest due on April 22, and funding decisions made in summer 2022.

Criteria for Eligible Recipients: Limited to NBRC designated Counties within Maine, New Hampshire, New York, and Vermont. Guidance available on NBRC's website.

Important Dates (if applicable): Letters of Interest due April 22, 2022

Contact Information: Please contact NBRC's Program Director Andrea Smith, asmith@nbrc.gov for more information.

National Tribal Broadband Grant

Department: Department of the Interior

Federal Agency/Bureau: Assistant Secretary-Indian Affairs-Office of Indian Economic Development

Program Overview: The Division of Economic Development provides the opportunity for tribes to receive funding to explore the possibility of developing or extending broadband services in their communities to:

- Spur economic development and commercial activity
- Create opportunities for self-employment
- Enhance educational resources and remote learning opportunities
- Meet emergency and law enforcement needs

Criteria for Eligible Recipients: Criteria will be outlined in the Notice of Funding Opportunity.

Important Dates (if applicable): This Notice of Funding Opportunity is expected in Summer, 2022.
