

OMB Control No. 0660-0047 Expiration Date: 07/31/2025

TRIBAL BROADBAND CONNECTIVITY PROGRAM ANNUAL REPORT				
GENERAL INFORMATION				
GENERAL	Recipient Organization:	Catawba Nation	Award Identification Number:	NT22TBC0290018
	Recipient Street Address:	996 Avenue of the Nations	Report Submission Date (MM/DD/YYYY):	05/08/2023
	City, State, Zip Code:	Rock Hill, Sc 29730		
	DUNS/UEI Number:	831001185		
	Period of Performance Start Date (MM/DD/YYYY):	05/01/2022	Period of Performance End Date (MM/DD/YYYY):	10/31/2023
	Report Period Start Date (MM/DD/YYYY):	05/01/2022	Report Period End Date (MM/DD/YYYY):	03/31/2023
1	<p><b>Provide the number of locations or geographic areas at which broadband service was provided using the grant funds. (Please attach associated shapefiles of geographic areas) (600 words or less)</b></p> <p>The geographic areas covered by the program extended across the United States, including at least one household in each of the following states: AK, AL, AR, AZ, CA, CO, FL, GA, ID, IL, KY, LA, MD, MN, MS, MT, NC, NM, NV, OH, OK, PA, SC, TN, TX, UT, VA, WA, WI, WV. 67% of total applications were in SC, and roughly 30% of all households applications were in Rock Hill, SC.</p>			
2	<p><b>Please describe each service provided with grant funds. (600 words or less)</b></p> <p>Grant funds were used to provide a broadband distribution service to qualifying households, valued at 6 months of the total bill for households containing a Senior or Youth, and valued at 3 months of the total bill for all other approved households. Grant funds were used to make A/V updates at the Catawba Nation Cultural Center. With the newly approved extension, grant funds will also be used to make significant A/V updates to the Catawba Nation Longhouse (Office of Tribal Government headquarters), for the purpose of improving quality and access to broadband-based meetings and programs.</p>			
3	<p><b>If applicable, please list subcontractors and describe how they expended funds. (600 words or less)</b></p> <p>The following are contractors that have been engaged so far: Catawba Corporations and many internet providers including but not limited to Comporium, Spectrum, AT&amp;T, Verizon, Xfinity, and Truvista. 39% of households served were served by Comporium, and roughly 66% of households were served by all of the listed providers (including Comporium). Catawba Corporations used funds to prove an administrative support person on a part time basis to conduct necessary administrative tasks for completing the broadband distribution. These tasks included developing the application, developing the marketing plan for the application, managing citizen communications regarding</p>			
4	<p><b>Please describe how the recipient and subrecipient (if applicable) expended the funds. (600 words or less)</b></p> <p>Recipients of the program benefits did not take custody of their approved funds directly. Funds were applied directly to their accounts via their provider, to best meet the fiscal responsibility needs of the program.</p>			
5	<p><b>If applicable, please list each subrecipients that received a subgrant through funding. (600 words or less)</b></p> <p>N/A</p>			
6	<p><b>Please provide the barriers to broadband use and adoption or broadband infrastructure deployment work that you experienced during the reporting period of this award to date. What steps did you take to address them? (600 words or less)</b></p> <p>We experienced a significant lack of participation in the program. We addressed this by sending out additional marketing via social media and direct outreach, and by extending the application deadline for the program. These increased participation, but not to the level we expected. We also experienced difficulty interfacing with providers to get necessary information for establishing new connections, as this process was cumbersome for the recipients so very few attempted to get it. Unfortunately, we had no real recourse based on our relationship to providers and the recipients. We also found that the design of the project was exceptionally cumbersome. In future similar</p>			
7	<p><b>Please describe whether or not your organization connected NOFO purpose areas to broadband adoption and use or broadband infrastructure deployment work. (600 words or less)</b></p> <p>Of the 619 total applications (the currently approved applications and those pending approval), 313 applicants indicated that they rely on their home broadband for telework, 277 applicants rely on their broadband for telehealth appointments, 250 applicants rely on their broadband for K-12 education, and 47 applicants rely on their broadband to operate a business. On the same application, 0 applicants indicated that the connection would allow for new access to telework, 202 applicants indicated that the connection would allow new access to tele-health appointments, 144 applicants indicated that the connection would allow new access to tele-education, and 47 applicants indicated that the connection would allow them to operate a business from their home. Due to a significant number of duplications between the responses from participants from the first and second questions here, we believe that many participants did not understand the second question.</p>			
8	<p><b>Please describe your project's achieved accomplishments during this reporting period. (600 words or less)</b></p> <p>We were able to process 479 applications for broadband support, and we were able to provide A/V updates to the Catawba Cultural Center, making broadband-based</p>			

0	programming more effective and efficient. We have an additional roughly 130 applications that we expect to be processed by the end of the extended grant period.		
9	Using the Excel spreadsheet template titled "TBCP Reports Addendum A", please provide an updated count of Households within each of the eligible tribal block groups along with their Location ID that you connected to your network. The locations should match and conform to the Federal Communications Commission (FCC) Broadband Serviceable Location Fabric, which is a unique identifier for the geographic coordinates, and where available, the address(es) associated with each location. Please be sure to select 'Annual Report' checkbox when completing the addendum.		
10	Using the Excel spreadsheet template titled "TBCP Reports Addendum B", please provide an updated count of Tribal Businesses within each of the eligible tribal block groups along with their Location ID that you connected to your network. The locations should match and conform to the Federal Communications Commission (FCC) Broadband Serviceable Location Fabric, which is a unique identifier for the geographic coordinates, and where available, the address(es) associated with each location. Please be sure to select 'Annual Report' checkbox when completing the addendum.		
11	Using the Excel spreadsheet template titled "TBCP Reports Addendum C", please provide an updated count of Community Anchor Institutions (CAIs) within each of the eligible tribal block groups along with their Location ID that you connected to your network. The locations should match and conform to the Federal Communications Commission (FCC) Broadband Serviceable Location Fabric, which is a unique identifier for the geographic coordinates, and where available, the address(es) associated with each location. Please be sure to select 'Annual Report' checkbox when completing the addendum.		
CERTIFICATION	I certify to the best of knowledge and belief that this report is correct and complete for performance of activities for the purposes set forth in the award documents.

TRIBAL BROADBAND CONNECTIVITY PROGRAM REPORTS ADDENDUM B

Recipient Organization:	Award Identification Number:	
Recipient Street Address:	Report Submission Date (MM/DD/YYYY):	
City, State, Zip Code:	DUNS/UEI Number:	
Reporting Period Start Date (MM/DD/YYYY):	Report Type:	Baseline Report <input type="checkbox"/>
Reporting Period End Date (MM/DD/YYYY):		Annual Report <input type="checkbox"/>

### Tribal Business Locations in the Service Area

The Location ID is the Fabric ID associated with the Federal Communications Commission maps required by the Broadband Deployment Broadband Deployment Accuracy and Technology Availability (DATA) Act, Pub. L. No. 116-130, 134 Stat. 228 (2020) (codified at 47 U.S.C. §§ 641-646) (Broadband DATA Maps). The "location\_id" data element is a unique identifier for the location served. A Location ID should be included for each location in the Broadband Serviceable Location Fabric when the Fabric is made available to filers. Number of units refers to one location that has multiple units within that one location. Please insert rows at the bottom of the table to report additional location data if needed. Number of units refers to one location that has multiple units within that one location. Please insert rows at the bottom of the table to report additional location data if needed.
