1	Provide the number of locations or geographic areas at which broadband service was provided using the grant funds. (Please attach associated shapefiles of geographic areas) (600 words or less) As of 7/31/2023 there are no geographic areas with broadband service provided with grant funding. Environmental Assessment activities for the proposed Antenna Locations in Guadalupe, Az, Marana, AZ, Coolidge, AZ, Barrio Libre, and Old Pascua were conducted in May and June 2023. The Environmental Assessment activities for the fiber construction for three areas is still underway. We anticipate the Environmental Assessment package will be ready for NTIA NEPA review in late September 2023.			
2	Please describe each service provided with grant funds. (600 words or less) As of 7/31/2023 services have not been provided. Environmental assessment activities are still underway for all areas of the planned construction.			
3	If applicable, please list subcontractors and describe how they expended funds. (600 words or less) Purchase Order 0028534 was issued to Native Network for the purchase of long lead time hardware, construction materials, and professional services. Purchase Order 0028550 was issued to LayerOne for the purchase of long lead time fiber materials			
4	Please describe how the recipient and subrecipient (if applicable) expended the funds. (600 words or less) Funds have only been utilized for long lead time equipment, materials and activities as approved by NTIA in the "Intial Expenditure Plan".			
5	If applicable, please list each subrecipients that received a subgrant through funding. (600 words or less) Not applicable.			
6	Please provide the barriers to broadband use and adoption or broadband infrastructure deployment work that you experienced during the reporting period of this award to date. What steps did you take to address them? (600 words or less) Broadband infrastructure deployment obstacles that have been experienced thus far is for the antenna in Guadalupe, AZ. The existing building roof will not withstand the antenna tower load. The team is redesigning the antenna installation to determine if wall brackets is a better option for the building. The Marana community has not provided their final approval for the construction of the proposed antenna location. A community gathering was held in July to provide information and gain support for the proposed antenna location. Our goal is to secure the necessary approvals in August 2023.			
7	Please describe whether or not your organization connected NOFO purpose areas to broadband adoption and use or broadband infrastructure deployment work. (600 words or less) No connections have been made due to ongoing Environmental Assessment activities.			
8	Please describe your project's achieved accomplishments during this reporting period. (600 words or less) Final site approvals from the Guadalupe, Old Pascua, Barrio Libre, and Coolidge communities have been received. The Environmental Asessments for the Guadalupe, Coolidge, Old Pascua, Marana, and Barrio Libre communities were conducted in May and June 2023.
